

APDatec 630 N

Light weight and highly flexible warm air hose made from PVC coated polyester fabric

Applications	tent heating, air supply, heating, construction drying, asbestos removal
Structure	coated fabrics / Neoprene® coated polyester fabric coated fabrics / PVC coated polyester fabric, yellow, opaque
Temperature	-24°C up to 150°C
Properties	very good flexibility, excellent axial compressibility, good tensile strength, good ozone- & UV-resistance, hydrolysis & microbe resistant, weather proof, self-extinguishing

hydrolysis
resistant
